## The Old Path Way to Better Health

by Bobbie Weaver

God's Herbal Blessing tea may not be for everyone, but for God's believers here and around the world; it has been and still is a blessing to thousands of people with a variety of ailments. Is this tea a miracle cure? This awesome tea does something to a wide variety of ailments that no one can explain, including the medical profession.

There is something very special about this herbal tea that at first taste, reminds one of tea made with the bark off a tree. At first, you take mini sips. As you get accustomed to this unusual taste, it starts to grow on you.

Let us, for a moment; travel back in time to see how Old Path began its journey to healing people. One thing people must realize is that God has HIS hand in EVERYTHING, and there is no exception. Pastor Sylvester Jones readily attests to the fact that when God puts something

on your mind, it stays there until you act on it.

Some time during the year 1984, Pastor Jones began having dreams/visions about certain herbs. "These dreams stayed on my mind, so I wrote down what I saw and cataloged them," Pastor Jones told *Out Front Magazine*. "And," he added, "if I didn't write down the name of the herbs, they would stay on my mind until I did."

It was almost a year before the formula was complete. The good Pastor studied each and every herb,

one at a time, trying to figure out how they worked on the body. Now that, in itself is no easy task. As he studied each herb, Pastor Jones commented, "I was amazed to find out, that in all the herbs God revealed to me, HE had given me those that would cover ALL your vitamins, minerals and the amino acid, PLUS all 7 forms of fiber that a person's body requires."

Soon, Pastor Jones took action. His inner Spirit very strongly showed him that God wanted to combine these herbs and make them into a tea. What effect this tea would have on the body or just what the tea would do, he didn't know. He didn't have a clue. But listening to his inner Spirit, Pastor Jones moved forward, because you see, God knew what HE was doing and showed the minister that "when we put these herbs together, that HE knew how to fix them. So Pastor Jones followed his inner Spirit and prepared the tea exactly the way he was led to do.

So, as you very well know, God is in control. So began this venture which is so very successful today, until the tea is now being shipped as far away as Germany.

But personally, Pastor Jones found out first hand just how good the tea is. At that particular time, he had an ulcer and had taken many different medications on the market, but none helped him. Then he started drinking the tea. The tea gave the suffering Pastor the much needed relief from the ulcers and soon the ulcers were no more. Yes, the Pastor drinks the tea every day.

Now please be aware, Pastor Jones does NOT claim that God's Herbal Blessing Tea cures disease and other illnesses. However, doctors have been duly impressed on how the tea has worked on their patients. The results defy description.

"Helping people and trying to bring about a better quality of life for everyone," is the Pastor's philosophy of his success at Old Path. As for future plans, they are no surprise to those who know him. "We want to continue to help people throughout this country and others," he stated recently.

Each year, The Old Path Herbal Tea family hosts a symposium, where hundreds of people, both locally and from far away places and different walks of life gather to renew friendships, eat good food, make new friends and share their testimonies. The people we have written about in the past "are doing well," said the Pastor.

The following are 2 testimonies as to the effectiveness of the tea. "There is a lady that had flesh-eating bacteria. We have before and after pictures of the damage the

bacteria wreaked on her body at our shop. We have no knowledge of the bacteria's return."

At the age of thirteen, Marcus Hall was diagnosed with a rare Brainstem tumor. The tumor was wrapped around his spinal cord. He had surgeries, radiation, and experimental chemo. He was left with paralysis on his left side and many side-effects: He received numerous positive results from drinking the tea. He had double vision, and the tea improved his eyesight. Also, the tea improved his walking, repaired damaged nerves, and restored his muscle mass. Finally, the tea stopped withdrawal symptoms from steroids, and it

cleared up built up scar tissue from past surgery. Today, Marcus Hall will tell you he is cancer-free.

So there you have it. The Old Path Herbal Tea is a force to be reckoned with. Naysayers cannot convince those who drink the tea that it doesn't work. Because it DOES work.

# THE OLD PATH NATURAL HERB TEA

I, Minister Sylvester Jones, am not a doctor; but in 1984, God revealed this amazing formula for tea to me through dreams and visions.

For over 20 years, many people have enjoyed this tea. The amino acids, vitamins, minerals and all 7 forms of fiber in this product nourish all 12 systems of the body. We have developed other products with the same philosophy and many of the same ingredients as our tea.

Minister Sylvester Jones

Dear Minister Jones:

I would like to use this opportunity to thank you for sharing your blessings with me and so many others. This tea has been accepted by me as a true blessing from a much higher authority.

When I came to Pensacola to meet you, I was suffering from bronchial asthma, high blood pressure and early stages of arthritis in my knees. I had already had arthroscopic surgery on my right knee and was scheduled for surgery on the left one. In an effort to improve my health, I decided not to have the surgery and I started drinking The Old Path Herbal Tea. Now my left knee is stronger than my right knee. I no longer have asthma, and as a result of not having to use an atomizer, find that my blood pressure has also normalized.
